About the ***Founder***

Mr. Ravi Shah, the founder of Filmshoppee, embarked on his entrepreneurial journey in 2006 with a focus on direct marketing of sunfilms for cars. His deep passion for the car accessory industry and a desire to excel led him to establish his first studio in Surat, a city renowned as the Diamond Capital of the World. As time progressed, Mr. Shah's expertise expanded into various specialized areas within the car accessory industry. He delved into sunroofs, mobile audios, car wrapping, paint protection film (PPF), customized interiors, car detailing, and auto lighting, among other services. Through his continuous efforts and dedication, Mr. Shah honed his skills and knowledge in these fields, becoming an authority in the evolving market.

Over the course of 15 years, Mr. Shah's hands-on experience and comprehensive understanding of the industry allowed him to train and mentor over 50 engineers. This act of sharing knowledge and expertise demonstrates his commitment to fostering growth within his team and cultivating a skilled workforce.

With a strong foundation of practical experience and an ever-expanding skill set, Mr. Ravi Shah continues to lead Filmshoppee, bringing innovation and excellence to the car customisation industry.
